P.3 Green Earth Project

P.3 students showing their machine

As part of the PLP-R/W programme, students in P.3 recently made their own imaginative machines using recycled materials. They had to collect boxes, cans or other materials and bring them to school. Before making their machines, they read a big book called Green Earth Project Week. They had to give their machine a name and think of what it can eat and drink. Finally, students presented their machines to the class.

Our Superstars' Lunch

P.3 students were able to enjoy pizza again this year. When students worked hard in lessons, they received a star. For every five stars, they got a lucky draw ticket. Last month, 10 lucky students had a Pizza Hut lunch with Mr. Steven. Well done to the winners! Other students received small prizes too.

How to be a Superstar?

Here are some things you can do to earn stars in lessons:

1. Put your hand up and answer questions.
2. Put extra effort into your work.
3. Help your team members.

P.1 Paper Plate Masks

P.1 students made paper plate masks as part of the PLP-R/W programme. After reading the big book and learning the steps, they made their masks in groups. Then, they had to write about it.

School Debating Team

Should Hong Kong people respect Mainlanders more?

Our school's debating team had to debate the topic of respect for Mainlanders in the 2nd NESTA Debating Competition. Here are their arguments **for** and **against** the motion.

25% of Mainlanders in Hong Kong are discriminated against!

But we already respect Mainlanders' abilities, achievements and language!

We don't agree. 15 out of every 100 Hong Kong people don't want Mainlanders as neighbours. Is this respectful?

But Hong Kong is just too crowded! Mainlanders should respect our basic needs too!

We need Mainlanders to come and spend their money here. Otherwise, there won't be any jobs. Let's respect them more!

A Chinese Proverb says: With money you can buy a position, but not respect. Respect must work both ways!

Jokes

Jokes are things that people say to make you laugh. You can make up your own jokes or find them in books.

Here are some examples:

What do you call a crocodile at the North Pole? **Lost.**

Why is Cinderella bad at football? **She has a pumpkin as her coach.**

What do you call a sheep with no legs? **A cloud.**

Doctor, Doctor, I think I need glasses.
You certainly do, sir. This is a flower shop!
