

Preface

On the following pages you will enjoy various forms of creative writing produced by our students.

You could begin by thinking about how you should behave in public; P5 students' writing gives us advice on how to be a good citizen in society. Then go back to school and learn more about P1 students' classmates. Or you could read the simple recipes that P3 students have written and make sure you will never go hungry again!

The pieces of work that have been included in this newsletter demonstrate the high standard of work across all year groups; when you read them, you will be inspired by the themes covered and how they relate to your own childhood.

We invite you to sit back, relax and enjoy the literary journey that awaits you.

Enjoy the read!
