P.4 Life in Hong Kong 60 years ago and now

I am going to tell you about Hong Kong 60 years ago and now. Children did not play electronic games 60 years ago. They played tug of war and marbles. There wasn't a wetland park 60 years ago but at present there is a wetland park. There are shopping centres now while there weren't any shopping centres 60 years ago. I like the life in Hong Kong now because we can buy food in the supermarkets now.

4A Sze Wing, Wing

Children did not play electronic games 60 years ago. They played hide-and-seek and hopscotch. They liked these games because they were fun and interesting. Now we play electronic games and computer games. We think these games are exciting because we can play with our friends. There weren't any supermarkets 60 years ago. They went to the market and bought food and drinks. They buy food in the supermarkets and markets now.

4B Lu Nga Lee, Lily

60 years ago children played with paper planes and paper dolls. They played hide-and-seek too. Now children play electronic games. They also have smart phones and iPads. I don't like playing electronic games because they are bad for my eyes. In the past, people went to work on foot. They used bicycles for daily transport. Nowadays most people go to work by bus or MTR. Some people have their own private cars. I think life is better now.

4C Cheung Yao Ka, Cherry

What do you like doing in your spare time?

In my spare time, I like playing computer games. I do this activity at home. I always play computer games on Saturdays. I play computer games alone. It is an unhealthy activity but I like playing computer games because it is fun.

4D Chen Li Wen, Kira

Sixty years ago, there were not many schools in Hong Kong. Some children never went to school. However, now there are many schools. Children are very lucky because they can all go to school. Sixty years ago, there weren't any electronic games in Hong Kong. They sometimes made their own toys but now there are electronic games and DVD players.

5E Khan Awan

My dream job

I want to be a lawyer when I grow up because it is meaningful and challenging. If I become a lawyer, I will help people in trouble, study the cases and have debates on some controversial issues.

Lawyers need to be understanding so that they can listen to people's problems. They also need to be eloquent speakers. Also they need to have good presentation skills so that they can persuade people to believe them and help innocent people.

I think this job is suitable for me because I'm outgoing and calm. I like helping people too.

Raising money for charity

We are writing because the Charity Club would like to help UNICEF raise money for the poor people in Laos. We think our ideas will help solve some of the problems for the people in need. Some people do not have clean drinking water because people need to walk a long way to collect water.

We want to organize events to encourage people to donate money to UNICEF. We want to run a craft stall to raise money for them. We want to collect either books or toys so that we can help the poor people in Laos. We hope you will be able to help us organize the charity events.

6B Lee Chun Hin, Sunny

Raising money for charity

We are writing because the Charity Club would like to help UNICEF Hong Kong raise money for the poor people. We think our ideas will help solve some of the problems for the people there. Some people get sick easily because the water is brown and full of germs. It is too dirty to drink. Some families cannot afford school fees, textbooks or stationery because they are too poor. Some children need to walk one to two hours to the nearest school because they cannot afford transport fares.

We hope you will be able to help us organize the charity events.

6C Cheung Chak Fung, Jacky

An unforgettable day

Anne and Kenny are the members of Social Service Club. Yesterday, they volunteered and sold flags in the streets.

At noon, Anne and Kenny were hungry. They went to a fast food shop. They put the flag bags on the floor. As they were about to leave, they found that their flag bags had disappeared. They were sad and worried and they did not know what to do.

Suddenly a man came and said, 'You should be more careful! The bags are on the floor.' Anne and Kenny quickly picked them up and they said 'thank you' to the man. They were happy but tired.

6D Wong Lui Ting, Christy

Raising money for charity

We are writing because the Charity Club would like to help Greenpeace raise money for environmental protection. We think our ideas will help solve some environmental problems. Many animals have lost their homes because people cut down a lot of trees. Many animals have to live close to people because they have nowhere to go.

We want to run a food stall. We can either make jelly or salad. We also want to run a craft stall.

We can either do pottery or make cards. We hope you will be able to help us organize the charity events.
