

Preface

On the pages that follow, you are about to set off on a journey that will enable you to enjoy a variety of stories, letters and poems, as well as other forms of creative writing produced by our students.

You could begin by taking a trip down memory lane; reading P.4 students' accounts of their parents' lives in Hong Kong 30 years ago will certainly bring back childhood memories. You could read P.5 students' descriptions of people or get to know some of our P6 students by reading their self-introductions. Finally, if you haven't got any pets, read about P.1 students' favourite pets and you'll be rushing down to the pet shop in no time!

I invite you to embark on the journey now; it will be a memorable one! Enjoy the read!

When they were in Primary 4

P.4

I talked to my mum about her school life when she was in Primary 4. There were not any computers in my mum's school so they did not have computer lessons. There were not any air-conditioners in her school. It was so hot in summer! Her school was very small so there was not a lift.

Everybody in my mum's class played hide-and-seek and hopscotch during recess. Nobody played electronic games in those days.

My mum's school was next to her house so she went to school by herself. She did not join any clubs. My mum did not have a tutor so she studied by herself. She was clever.

4B Chan Tsz Yan, Eugenia

I talked to my grandpa about his school life when he was in Primary 4. There was a playground in my grandpa's school. There weren't any computers or iPads for my grandpa and his classmates to use.

Everybody in my grandpa's class played Chinese chess and hopscotch during recess. Nobody had electronic gadgets. However, we play electronic games and phone games now.

My grandpa bought food at the market. Grandpa says all the food at the market was fresher and tastier. He was born in 1949. When he was a child, he lived in a small hut. My grandpa likes the life in the old days.

So the classrooms were very hot! Nobody in his school could study in the classroom in summer.

My dad said when he was in Primary 4, nobody played electronic games because they were expensive. Instead, everybody played hide-and-seek and hopscotch because it was fun and free.

My dad could go to school by himself when he was in Primary 4 so he always encourages me to go to school by myself. My dad didn't have a tutor so he studied for exams by himself. He was hardworking! He is my role model.

4A Sze Sky
